ASOCIATIA LUMEA LUI PINOCCHIO

Activities

The project will include volunteers from different EU countries; according to their interests/competencies they could be involved in different socio' educational activities:

At the Daily Center Pinocchio, directly managed by the Applicant organization and accredited as social service provider.

The beneficiaries are disadvantaged children (3-16 y. o.) and their families.

From Monday to Friday, ESC volunteers' tasks will be: holding workshops on recycling, teaching different crafts, facilitating games, organizing cinema hours and sport activities, organizing special events (for Christmas, Carnival parties, Easter or birthday parties). They will facilitate activities related to the promotion of a healthy life (culinary workshops involving healthy recipes, teaching kids about hygiene, etc.); and if a volunteer is also interested in social media, they can also publish posts on the applicant's Facebook page or update the official website with the latest activities.

At the Kindergarten nr. 1 of Panciu (for children aged between 3 and 6), belonging to the Technical Highschool "Al. Cuza", ESC volunteers will develop non formal education activities such as creative workshops on recycling, music, painting, theatre, use of different materials to develop physico-physical sensoriality- such as creating environments, scenarios and stories with the children in order to develop children's emotional-social-cognitive development, as well as the volunteer's skills and creativity.
