

**DANIMARCA**

<b>Riferimento</b>	EURES Danimarca Ref. 5332213
<b>Mansione</b>	Linux Specialist Ref. 5332213
	<p>PARKEN, COPENHAGEN / ENGINEERING – SYSTEM ADMINISTRATION / FULL TIME, PERMANENT CONTRACT</p> <p>Do you want to join us on our ambitious mission to secure the digital world?Keepit is looking for a Linux Specialist to join our Engineering Team in Copenhagen, Denmark</p> <p>Keepit is a fast-growing IT scale-up with many years of experience in software and data protection. Our mission is to help companies around the world protect and manage their cloud-based data. Our team is both academically and culturally diverse, and we have more than thirty different nationalities working together to promote trust and security in a world transforming towards new levels of digitalization. We are growing fast as a company, and we are set on using our momentum to bring our SaaS cloud-based backup services to a global audience. We are proud of our product which we believe can solve many of the data-security issues that people and organizations encounter worldwide. In order to grow, we need to improve our product continuously. Therefore, we are currently looking at strengthening our team with a highly skilled Linux Specialist. The Keepit platform is a set of networked services working in concert; we have a strong emphasis on performance and reliability, which influences how we approach development and write our code. The Keepit product is built from scratch which means that we can improve our platform as we see fit and address any issues we encounter. The entire platform runs on Linux. To support our growth with more and larger customers in more regions of the world, we need specialists with an in-depth understanding of the Linux kernel and its surrounding ecosystem. As a Linux Specialist with Keepit, you will help us develop and improve our world-leading cloud-backup solution. You will help us solve the tasks and challenges we encounter on our way, and you will help us continuously iterate our platform to make sure that it lives up to the highest standards for security and performance. The types of technical challenges that you will be solving with your team could be:</p> <ul style="list-style-type: none"> <li>- Performance troubleshooting - if a service is not performing as expected, troubleshooting the process interactions on a live server in order to identify the root cause and propose a remedy, possibly in collaboration with the development team.</li> <li>- Planning, testing, and executing Postgres database cluster migration from an older version to a newer version with little or no user-visible interruptions.</li> <li>- Designing the next iteration of our network infrastructure for high- performance multi-site communication, and planning and executing the transition from the previous iteration with no customer visible downtime.</li> </ul> <p>As a Linux specialist, you will be joining our growing international Engineering team and you will play a significant role in the continued growth and success of our company. You will refer to our Chief Technology Officer, Jakob, and your office will be at Parken, the national stadium of Denmark. At Keepit, we take pride in being an equal opportunity employer and recognize how being a diverse workplace strengthens our product, customer relationships, and work culture. A fair and transparent recruitment process We know that it is just as important that you choose us as the other way around. We believe it to be crucial to cultivate a culture where you feel you belong – this starts already in the recruitment process. Therefore, to be fair and transparent, we want to present the criteria you are assessed by if you choose to let your curiosity fall on us.</p> <ol style="list-style-type: none"> <li>1. Linux Administration: Having a good understanding of Linux will be essential for this role. This includes being familiar with the Linux Kernel, filesystems, and memory management.</li> <li>2. Networking: A good understanding of L2, L3, and L4 networking as well as an understanding of OSPF, BGP and Netfilter are significant bonus skills for this position. The emphasis is on Linux, but networking is important in everything we do.</li> <li>3. Language: We use English as our preferred language, and being fluent in English, both written and spoken, is essential for this role.</li> <li>4. Entrepreneurial spirit: We are passionate about winning in the market. However, we are also passionate about our workplace, and we know that a good work environment and great collaboration across our organization are crucial to achieving our ambitious goals. Therefore, we are searching for team leaders who, like us, are being motivated by building a fair and fun work environment at Keepit.</li> </ol> <p>Terms and conditions</p> <p>Process: Please submit your Resume/CV on our job page. Selected candidates will be contacted continuously. We hire when finding the right candidate. The position: Full-Time occupation (37 hours per week) based in Copenhagen.</p> <p>Salary: The compensation package is market competitive and will be negotiated with the successful candidate.</p> <p>For more information about KEEPIT go to <a href="http://www.Keepit.com">www.Keepit.com</a></p> <p>If you have any questions about the job or the recruitment process, please feel free to reach out to Emil Daniel Christensen at <a href="mailto:edc@keepit.com">edc@keepit.com</a> or on the phone: +45 51 51 89 80</p> <p>Apply soonest possible via the company web page: <a href="https://jobs.lever.co/keepit/77402b65-a995-479a-86ee-7062c79a7b0b">https://jobs.lever.co/keepit/77402b65-a995-479a-86ee-7062c79a7b0b</a></p>

**AFOL MILANO – SERVIZIO EURES**

<b>Scadenza:</b>	27/08/2021
<b>Riferimento</b>	EURES Danimarca Ref. 5383229
<b>Mansione</b>	Vice President of Product Marketing Ref. 5383229
	<p>PARKEN, COPENHAGEN / BRAND AND MARKETING – PRODUCT MARKETING / FULL TIME, PERMANENT CONTRACT Deadline 27/08/2021 How would you lead our team of product marketing experts and help us build a trusted, global brand? Keepit is looking for a Vice President of Product Marketing to join our product marketing team in Copenhagen, Denmark Keepit is set on a mission to help companies around the world protect and manage their cloud-based data. We are a fast-growing software scale-up company with 22 years of experience in data protection. Our team is both academically and culturally diverse, and we have more than thirty different nationalities working together to promote trust and security in a world transforming towards new levels of digitalization. In 2020, Keepit raised \$30 million in funding to fuel growth and position Keepit as the category leader in the Backup-as-a-Service market. Keepit covers a broad client base of major corporations and institutions across all sectors and industries globally. We are growing fast as a company, and we are set on using our momentum to bring our SaaS backup product to the global audience. We understand that our future growth as a company relies profoundly on our ability to build and promote a trusted brand. Therefore, we are looking for a talented Vice President of Product Marketing who can lead and inspire our product marketing team and help us articulate and position our product through a value-based positioning. As Vice President of Product Marketing, you will help us define our worldwide product marketing strategies and ultimately make our products succeed on a global scale. You will be responsible for leading our talented product marketing team and work closely with the entire Brand and Marketing Team to secure the creative, powerful, and transparent positioning and messaging of our products.</p> <p>We are looking for a profile who has an outstanding Product Marketing skill- and mindset and knows how to bring SaaS products to a global audience. We expect you to help us define the right strategies based on the right data, and we trust you to inspire your team and ensure that the strategies come to life.</p> <p>Your responsibility:</p> <ul style="list-style-type: none"> <li>• As a Vice President, we expect a truly transparent and inclusive leadership style, empowering your team to perform at their maximum abilities.</li> <li>• Facilitate outstanding collaborations between the product marketing team and the full brand &amp; marketing team as well as internal core stakeholders such as product management and sales</li> <li>• Help us articulate and implement a global product marketing strategy • Serve as an evangelist for our products through thought leadership</li> <li>• Keep the company up-to-date with market trends and competition</li> </ul> <p>At Keepit, we take pride in being an equal opportunity employer and recognize how being a diverse workplace strengthens our product, customer relationships, and work culture. Our Copenhagen office is located on the 7th floor at Parken, the national stadium of Denmark, with a beautiful view of the park and the sea.</p> <p>A fair and transparent recruitment process We know that it is just as important that you choose us as the other way around. We believe it to be crucial to cultivate a culture where you feel you belong – this starts already in the recruitment process. Therefore, to be fair and transparent, we want to present the criteria you are assessed by if you choose to let your curiosity fall on us.</p> <ol style="list-style-type: none"> <li>1. Product Marketing Strategy: We are looking for a profile that can help us define the right strategies that will fuel our continued growth. Having experience with making product marketing strategies for SaaS products is a requirement.</li> <li>2. Product Marketing: The right candidate has a solid product marketing skill-set with an entrepreneurial spirit. You know how to deliver sales enablement content and can execute marketing initiatives, including aligning and getting buy-in from stakeholders across the organization (including marketing, product, and sales).</li> <li>3. Leadership Style: We believe that the right candidate has the ability to inspire the team with an including and transparent leadership style.</li> <li>4. Language: We use English as our preferred language, and being fluent in English, both written and spoken, is essential for this role.</li> <li>5. Entrepreneurial spirit: We are passionate about winning in the market. However, we are also passionate about our workplace, and we know that a good work environment and great collaboration across our organization are crucial to achieving our ambitious goals. Therefore, we are searching for team leaders who, like us, are being motivated by building a fair and fun work environment at Keepit.</li> </ol> <p>Terms and conditions</p> <p>Process: Please submit your Resume/CV on our job page. Selected candidates will be contacted continuously. We hire as soon as we find the right candidate. The position: Full-Time occupation (37 hours per week) based in Copenhagen. Salary: The compensation package is market competitive and will be negotiated with the successful candidate. <b>Scadenza:</b>	27/08/2021
------------------	------------

<b>Riferimento</b>	EURES Danimarca Ref.5375386
<b>Mansione</b>	Full-stack Developer Ref. 5375386
	<p>Full-stack Developer Ref 5375386</p> <p>Do you enjoy finding new technologies and are you looking for an opportunity to work in a user-centric, data-driven and rapidly internationally expanding startup that does meaningful work?</p> <p>The job: We're currently expanding our business from a local to a worldwide brand and our new full-stack developer will be involved in all aspects of this journey: from our intelligent algorithms that help our customers get their customized skincare solution, to finding the right technologies that will make it possible to bring this experience to anyone in a way that renders access to our services fast and stable.</p> <p>With direct reference to the Head of Product and Technology, you're offered the opportunity to play a key role as part of our small dedicated A-level product and tech team, today counting four highly skilled colleagues on an extremely ambitious growth journey. At Nøie we value fun and freedom, expertise, dedication and teamwork, and we invest in each other. Read more about the team at: <a href="https://careers.noie.com/people">https://careers.noie.com/people</a></p> <p>Nøie is science. Nøie is a community. And Nøie is you.</p> <p>At Nøie rather than mass-producing skincare products, we work with the customer to create the very best solution for their unique skin. We do this by combining the credibility of science with the experiences of the community — all in order to meet their individual needs. In fact, we take the matter so seriously that we write their name on the packaging. Our vision is to increase the quality of life for people with skin concerns and to create a new honesty about a taboo issue. Our goal is simply to reinvent skincare by creating the best skincare products in the world for each and everyone. That's what we call customised skincare. Read more about Nøie and try our skin test at <a href="https://noie.com/">https://noie.com/</a></p> <p>Nøie is based at the co-working space Matrikel 1 in the centre of Copenhagen, Denmark.</p> <p>Create a functional and attractive digital environment for Nøie, ensuring a great user experience</p> <p>We love new technology and as part of the job you'll need to find and implement new frameworks and technology in our product. Backend wise our stack is written in JS and Python and runs on Amazon Web Services and the front-end is VUE based, but we're open to suggestions.</p> <p>On a day-to-day basis you'll be working with:</p> <ul style="list-style-type: none"> <li>• AWS Lambda and AWS in general;</li> <li>• Database design, currently PostgreSQL;</li> <li>• Creating and using wide variety of API integrations;</li> <li>• Improving the quality of Noie's customer-facing platform as well as work with analytics and other internal tools;</li> <li>• Automated testing, Continuous Delivery and Continuous Integration strategies and implementation</li> <li>• Improving the application performance;</li> <li>• Getting feedback from, and building solutions for, users and customers</li> </ul> <p>Ultimately, you will make Nøie even more user-friendly and intuitive to attract and retain users.</p> <p>We are looking for An experienced Developer with the ability to translate our company and user needs into functional and appealing applications.</p> <p>We'd also be really excited if you have:</p> <ul style="list-style-type: none"> <li>• Great knowledge and experience with Javascript, CSS and HTML in general</li> <li>• Good knowledge of VUE, NodeJS, React or other frameworks of the same nature that could be applicable when scaling Nøie going forward - we currently use VUE in our setup</li> <li>• In-depth understanding of the process of web development (design, development and deployment)</li> <li>• Knowledge of SEO principles</li> <li>• An ability to perform well in a fast-paced environment</li> <li>• Knowledge of Git and Docker is a definite plus</li> <li>• Excellent analytical skills</li> </ul> <p>Is this you? Great! If you want to join us and the mission to help people everywhere to achieve healthier skin, then please apply! We'll invite applicants for interviews on a rolling basis. The position will be filled when we find the right person. We encourage all relevant applicants to apply. We don't discriminate on the basis of race, colour, religion, national origin, sex, age, disability, or any other status. All qualified applicants will be given equal opportunity and the selection is based on job-related factors.</p> <p>Apply via Nøie company webpage as soon as possible. <b>Scadenza:</b>	20/08/2021
------------------	------------

<b>Riferimento</b>	EURES Danimarca Ref. 5375455
<b>Mansione</b>	People & Culture Manager Ref. 5375455
	<p>At Nøie we are here to help people with sensitive skins through customisation. We have huge ambitions about the impact we want to make and to realise our ambitions we need amazing people and culture. Nøie is backed by top investors which enable us to grow fast, and our growth ambitions for the coming year are tremendous. This of course puts pressure on our culture, a culture that we are very proud of and that is building on engaged, inspired and involved team members and one that we will fight for and do our utmost to nurture and develop. We're looking for a human-centric P&amp;C Manager that can empower every single Nøie team member to do their best work while maintaining a truly caring culture. Of course, that also comes with being strategic and results-driven, too! Establishing P&amp;C in a fast international scaling purpose-driven startup doing meaningful work. As our P&amp;C Manager, you will report directly to the Head of P&amp;C and as part of our four-person P&amp;C team (including you), you will get the opportunity to work with a broad variety of P&amp;C assignments, strategic and operational. Ultimately, you will take part in all aspects of developing a top-in-class P&amp;C agenda. We imagine that some of your tasks will be to:</p> <ul style="list-style-type: none"> <li>• Own the development of our managers, and empower employees, and take a strategic approach to how we work with people and culture</li> <li>• Secure a people-first culture while building, developing, and maintaining exceptional humans, and robust culture practices during rapid growth.</li> <li>• Take part in our talent acquisition activities, end-to-end recruitment</li> <li>• You will be the natural "go-to" person for all people matters</li> <li>• You will be responsible for People Life Cycle events, You'll have the opportunity to create, implement and develop new tools and events - whether that's Talent Development, Succession Planning, Salary review, Feedback/Appraisals, Employee exits etc</li> <li>• You will take full reigns on our engagement surveys (which are still to be implemented) which means monitoring, following up, and being held accountable for people development, manager support, and broader initiatives. In addition, you will also support keeping our HRIS (Hibob) up to date.</li> </ul> <p>You are offered the opportunity to work with a small dedicated A-level team of highly skilled colleagues. At Nøie we value fun and freedom, expertise, dedication and teamwork, and we invest in each other. We are looking for you if:</p> <p>You've been in a scale-up before and therefore know the startup space, and can pre-empt the bumps in the road ahead as we scale. You get energy from being in high- pressure situations and fast growth, with the ability to build repeatable, scalable processes amidst all the chaos!</p> <ul style="list-style-type: none"> <li>• You have working experience from an HR/P&amp;C function and have excellent project management skills</li> <li>• You are driven by setting people up for success and always want to go the extra mile to ensure People and Culture does the best job possible for our stakeholders</li> <li>• You care about diversity and inclusion. Being inclusive is at the core of what we do - it's embedded in our values and it's important that you believe in our cause to build a company that will only succeed with different perspectives.</li> <li>• You are independent and driven. You are highly self-motivated and self- managing, with excellent time management and organizational skills. You are positive and energetic and have the willingness to roll up your sleeves and get the job done.</li> </ul> <p>Interested? If you want to join us and the mission to help people everywhere to achieve healthier skin, then please apply! We will invite applicants for interviews on a rolling basis. The position will be filled when we find the right person. We encourage all relevant applicants to apply. We do not discriminate on the basis of race, color, religion, national origin, sex, age, disability, or any other status. All qualified applicants will be given equal opportunity and the selection is based on job-related factors. Nøie is science. Nøie is a community. And Nøie is you.</p> <p>At Nøie rather than mass-producing skincare products, we work with the customer to create the very best solution for their unique skin. We do this by combining the credibility of science with the experiences of the community — all in order to meet their individual needs. In fact, we take the matter so seriously that we write their name on the packaging. Our vision is to increase the quality of life for people with skin concerns and to create a new honesty about a taboo issue. Our goal is simply to reinvent skincare by creating the best skincare products in the world for each and everyone. That's what we call customised skincare. <b>Scadenza:</b>	20/08/2021
<b>Riferimento</b>	EURES Danimarca Ref 5375419
<b>Mansione</b>	Project Manager Ref 5375419
	<p>Project Manager Ref 5375419 You'll be part of our brand team, where you'll be handling our PR initiatives across all of Europe, with a main focus on the UK, Germany, the Netherlands and the Nordics. In collaboration with external PR agencies, you'll make sure we're telling all the great stories about Nøie through some of the world's greatest platforms. You know just how to strategically position Nøie for increasing awareness, elevating our brand image and ultimately driving sales. You love seeking out and developing PR opportunities to ensure the best possible exposure. Pitching to journalists is your thing and you know the importance of a quick response - even if it's out of traditional work hours. Intrigued? Great! We suggest you keep on reading, potential future PR Manager at Nøie. And since this is a job description, you know there needs to be a bulleted list... So here's that bulleted list with your main responsibilities:</p> <ul style="list-style-type: none"> <li>• Drive international PR strategy</li> <li>• Run collaborations with agencies on all press relevant product launches and company news</li> <li>• Lead strategic conversations with PR agencies in key markets</li> <li>• Work with our Content Writer on narrative and TOV for all press releases or projects</li> <li>• Conceptualise and manage PR events</li> <li>• Align with creative agencies and in-house team on brand content production</li> <li>• Take part in concept creation &amp; creative direction of all larger brand moments e.g. specials projects, campaigns, activations etc.</li> <li>• Be bad-ass</li> </ul> <p>What are we looking for? First and foremost a people's person who shares our values at Nøie and who has a truly caring and entrepreneurial mindset. Also, if you can tick the following boxes, you're very much on track:</p> <ul style="list-style-type: none"> <li>• Experienced in building an international PR strategy within consumer goods</li> <li>• Charismatic communicator with exceptional written and verbal skills in English</li> <li>• Strategic and solution-oriented mindset</li> <li>• Highly organized with attention to detail</li> <li>• Creative thinker with big ideas</li> <li>• Self-driven with an entrepreneurial spirit</li> <li>• Demonstrate decisiveness in resolving business problems, making decisions and identifying priorities</li> <li>• And still be a bad-ass You'll be working from the Copenhagen Nøie office and will report to the Head of Brand.</li> </ul> <p>Is this you? Great! We'd love to hear from you. Applications are reviewed continuously and we'll hire when we've found the right candidate, so we suggest you get going on that application - should be no biggy for a future PR manager. Also, if you've made it this far, we simply can't wait to hear from you. Nøie is truly caring. Nøie is science. Nøie is a community. And Nøie is you. At Nøie, rather than mass-producing skincare products, we work with the customer to create the very best solution for their unique skin. We do this by combining the credibility of science with the experiences of the community — all in order to meet their individual needs. In fact, we take the matter so seriously that we even write their name on the packaging. Our vision is to increase the quality of life for people with skin concerns and to create a new honesty about a taboo issue. Our goal is simply to reinvent skincare by creating the best skincare products in the world for each and everyone. That's what we call customised skincare. Read more about Nøie and try our skin test at <a href="https://noie.com">https://noie.com</a> Apply as soon as possible via the company page. The position will be closed when we have the right candidate: <a href="https://careers.noie.com/jobs/1166262-pr-manager">https://careers.noie.com/jobs/1166262-pr-manager</a></p>

<b>Riferimento</b>	EURES Danimarca Ref. 5375378
<b>Mansione</b>	Senior Front-end Developer Ref. 5375378
	<p>Senior Front-end Developer Ref. 5375378</p> <p>If you're interested in creating a user- friendly environment by writing code, then this job could be for you. We expect you to be a tech-savvy professional, who is curious about new digital technologies and aspires to combine usability with visual design.</p> <p>The job</p> <p>We're currently expanding our business from a local to a worldwide brand and our new senior front-end developer will be involved in all aspects of this journey: from our intelligent algorithms that help our customers get their customized skincare solution, to finding the right technologies that will make it possible to bring this experience to anyone in a way that renders access to our services fast and stable.</p> <p>With direct reference to the Head of Product and Technology, you are offered the opportunity to play a key role as part of our small dedicated A- level product and tech team, today counting four highly skilled colleagues on an extremely ambitious growth journey. At Nøie we value fun and freedom, expertise, dedication and teamwork, and we invest in each other.</p> <p>Read more about the team at: <a href="https://careers.noie.com/people">https://careers.noie.com/people</a> Nøie is science. Nøie is a community. And Nøie is you. At Nøie rather than mass-producing skincare products, we work with the customer to create the very best solution for their unique skin. We do this by combining the credibility of science with the experiences of the community — all in order to meet their individual needs.</p> <p>In fact, we take the matter so seriously that we write their name on the packaging. Our vision is to increase the quality of life for people with skin concerns and to create a new honesty about a taboo issue.</p> <p>Our goal is simply to reinvent skincare by creating the best skincare products in the world for each and everyone. That's what we call customised skincare. Read more about Nøie and try our skin test at <a href="https://noie.com/">https://noie.com/</a></p> <p>Nøie is based at the co-working space Matrikel 1 in the centre of Copenhagen, Denmark. Create a functional and attractive digital environment for Nøie, ensuring a great user experience</p> <p>As our senior front-end developer you will:</p> <ul style="list-style-type: none"> <li>• Improve the quality of Noie's customer-facing platform as well as work with analytics and other internal tools</li> <li>• Improve current tech stack and tools</li> <li>• Automated testing</li> <li>• Improve application performance</li> <li>• Design mobile-based features</li> <li>• Get feedback from, and build solutions for, users and customers</li> <li>• Stay up-to-date on emerging technologies</li> </ul> <p>Ultimately, you will make Nøie even more user-friendly and intuitive to attract and retain users.</p> <p>We are looking for</p> <p>An experienced "Frontend'er" with the ability to translate our company and user needs into functional and appealing applications.</p> <p>Further:</p> <ul style="list-style-type: none"> <li>• Great knowledge and experience with Javascript, CSS and HTML in general</li> <li>• Good knowledge of VUE, NodeJS, React or other frameworks of the same nature that could be applicable when scaling Noie going forward - we currently use VUE in our setup</li> <li>• Familiarity with automated testing from a front-end perspective</li> <li>• In-depth understanding of the process of web development (design, development and deployment)</li> <li>• Knowledge of SEO principles</li> <li>• An ability to perform well in a fast-paced environment</li> <li>• Knowledge of Continuous Integration, Continuous Delivery, Git and Docker is a definite plus</li> <li>• Excellent analytical skills</li> </ul> <p>Is this you? Great! We will invite applicants for interviews on a rolling basis. The position will be filled when we find the right person.</p> <ul style="list-style-type: none"> <li>• We encourage all relevant applicants to apply. We do not discriminate on the basis of race, colour, religion, national origin, sex, age, disability, or any other status. All qualified applicants will be given equal opportunity and the selection is based on job-related factors.</li> <li>• If you want to join us and the mission to help people everywhere to achieve healthier skin, then please apply! Apply via Nøie's company webpage as soon as possible: <a href="https://careers.noie.com/jobs/997466-senior-front-end-developer">https://careers.noie.com/jobs/997466-senior-front-end-developer</a></li> </ul>
